

The promise made...

Standing in faith.

Theme : a promise fulfilled.... Isa9:6-10

Text : Gen 12:1-4.

What is a promise?

Promise: is to tell someone that you would definitely do or provide something or that something will happen.

Promise the moon / the earth: to promise to give someone something that is impossible for you to give.

People make promises even if they do not have the capacity to fulfill them.

A promise is easily held on to when the one who said it, is perceived to have the capacity to fulfill it or bring to pass what he/she has said.

Faith and Patience are conjoined twins, which we need to have in our walk with God, that we may receive the manifestation of his promises.

Our God is a faithful God. Gen 21:1-3,
Num 23:19

A note of caution:

***though God has sworn to bless us,
we must not be lazy.***
